Ashley was informed that we took no official position on the Mansfield resolution but certain of the arguments pro and con were discussed briefly. At another time it may be advisable to brief Ashley on our Subcommittee setup within the Congress. Ashley also commented that there was a great deal of interest in the Congress in the operation of RFE. It was suggested that if he heard of any moves as a result of Lewis' activities or otherwise on the part of various Congressmen to look into RFE would he advise us. He said he would be glad to do so.
